

Dear friends of mathematics in Erlangen,

As has been the case for a number of years, we would like to honor the graduates of our teaching unit in the academic year 2024/25 in a

Graduation Ceremony

on Friday, November 7, 2025,
at 6.30 pm in H12 (Emmy Noether lecture hall)
of the Felix Klein Building,
Cauerstraße 11

I warmly invite you and your relatives to attend. After the welcome address by the Dean of Studies and the subsequent congratulations, there will be a delicious buffet in the building.

If you would like to attend the buffet, please register. The teaching unit Mathematics and Data Science would like to invite its graduates, for whom the contribution towards expenses is therefore waived. For each additional person, however, we have to charge a contribution towards expenses of €20.00.

To facilitate the organization of the celebration, please register online at <https://www.math-datascience.nat.fau.de/im-studium/abschlussfeier/> by 31.10.2025.

I look forward to seeing you there
With best regards

signed. Prof. Dr. Timm Oertel
Dean of Studies of the Department of Mathematics and Data Science

Payment instructions: see next page

Please transfer the contribution towards expenses for the examination ceremony by October 20, 2025 to the account specified below, stating the intended purpose (otherwise no allocation is possible).
